- Roof terrace overlooking Stadium arch
- Indoor cinema with bean bags
- Private roof terrace - 18 seater dining table, chess set, views of the stadium
- Pet-friendly

Beton:

A design lover's paradise. Floor-to-ceiling windows, minimalist lines and exposed concrete details make each apartment truly unique. We are proud to present this spacious, one bedroom apartment on the 10th Floor, available to move into now.

Beton offers a space for everyone and every occasion. As a resident, you can work undisturbed in the mezzanine, meet up with friends for a movie in the indoor cinema or play a game of ping-pong in the games room.

Alameda:

Inspired by the Spanish word for 'tree-lined avenue,' Alameda is your serene escape amidst the energy of the city. This stylish haven offers a balance of tranquility and convenience, with apartments designed to make you feel instantly at home.

Soft pastel interiors exude warmth, and private balconies provide views of Wembley Park's bustling atmosphere. For those who value peace but want the world within reach, Alameda is the perfect choice.

With six carefully curated colour schemes and a bespoke furniture collection created in collaboration with John Lewis & Partners, there's something for every taste.
